***Dear Ladies and Gentlemen,***

*During the current year 2012 we are celebrating the 30 th anniversary of the creation of Higher Medical Education, Stara Zagora.*

*The Faculty of Medicine is founded as Higher Medical Institute for training specialists of Medicine within the framework of the Medical Academy by Resolution of the Council of Ministers of 08.04.1982.*

*Until 1995 it was an independent higher school, when it joined the Trakia University – Stara Zagora.*

*Today, combining traditions of the past with the present possibilities, it incorporates educational and therapeutic facilities, contemporary pre-clinical base, University Hospital with clinics in all major medical fields, as well as a large number of specialized clinics and research units with modern diagnostic and therapeutic equipment. These are efficiently used to treat patients, train students, trainee doctors, post-graduates and for research work*

*Our faculty is constantly growing and developing, strengthening its positions and authority of educational and scientific institutions in the fields of medical science, public health, health care and social activities.*

*I am pleased that Medical faculty, Trakia university becomes again the core of the scientific ideas. Scientists from different countries will exchange information and actualities on latest achievements in different scientific domains.*

*On behalf of the Organizing committee I have the honour to officially invite you to participate in the scientific anniversary conference with international participation 30 years Higher Medical Education, Stara Zagora which will take place on May 21-22, 2012 in Stara Zagora.*

*We believe that forthcoming scientific forum will create an atmosphere of fruitful discussions on different domains and possibilities for establishment of contacts for future scientific projects, as well as friendly meetings.*

*Assoc. Prof. Maya Gulubova, MD, PhD  
Dean of Medical Faculty, Trakia University  
Chairman of the Organizing committee*

***Dear colleagues and friends,***

*We are honored to invite you to the upcoming international conference “Medical Education in Stara Zagora”, 21-22 May, 2012. For the past 30 years, high medical education in Stara Zagora, has established its positions worldwide. Many of the students, who had graduated in Stara Zagora, found their realization in a lot of different countries around the world, they are recognized as very motivated and educated specialists, who practically had proved their abilities, and continue to do it. Medical education in Stara Zagora, it's dated from 1982, as a High Medical Institute (HMI), since then in 1995, when Trakia University was found, HMI joined the structure of the new-found university. No matter the fact of the “young” scientific age of the faculty, we have a great potential of young scientists.*

*Once again, on the behalf of the Organizing Committee, I am glad to be honored, to invite you to participate in the conference!*

*If you have any questions, do not hesitate to contact us!*

*Yours sincerely,*

*Ivan Mindov*

*President of Students Council, Trakia University  
President of Medical Faculty Students' Council, Trakia University  
President of Students Organizing Committee  
Member of National Assembly of Students' Councils  
Member of Association of Medical students' Bulgaria*
